Kennedy Scores Win On Housing Measure

WASHINGTON (AP) — President Kennedy wrapped up a smashing victory on the \$6.14 billion housing bill in the Senate early today, but only after a bitter fight through a marathon 13½ hour session.

Final passage of the omnibus measure — one of the big five on the President's 1961 legislative list — was put over until Monday. But the Senate only quit at 1:35 a.m. after the bill had been advanced to a stage at which no further changes are possible.

Thus on Monday there will be only talk and a seemingly assured vote to pass the bill and send it on to the House.

In its final Senate form, the bill

contains practically all of the housing programs asked by Kennedy.

But this turned out to be the case only after administration lieutenants battled for hours to reverse a severe defeat suffered Thursday afternoon at the hands of a Democrat.

Administration forces had been knocking down attempts by Republicans to chop the bill but they were caught by surprise at a maneuver by a Democrat, Sen. Albert Gore of Tennessee.

Gore won, 49 to 44, adoption of an amendment cutting from the bill the entire moderate income family program advanced by the administration. This is one of the

new features of the bill on which Kennedy has set great store.

In its original form, it sought to aid families in the \$4,000 to \$6,000 bracket by offering no-down-payment, 40-year mortgages to buy homes, and similar - term, low-interest rate loans to non-profit groups to build apartments.

Gore attacked 40-year mortgages as unsound and impractical. Sen. John Sparkman, D-Ala., floor manager for the bill, defended them as the key provision in the measure designed to aid "poor folks" through low monthly payments.

After much oratory and lots of

Reds Renew Word Battle Over Berlin

BERLIN (AP)—The Soviet Union has protested formally to the Western Big Three that West Germany is organizing "international provocations and endangering peace" by holding meetings of the West German Parliament in West Berlin.

Allied officials here shrugged off the Soviet charges as part of a continuous Soviet propaganda war against Berlin's ties with the West.

Only last weekend Premier Khrushchev told President Kennedy in Vienna that West Berlin is a bone that must come out of the Soviet throat. The President replied the West had a right to be in Berlin and intended to stay there.

The latest Soviet complaint was in notes handed the American, French and British embassies in

Moscow. It was made public by the Soviet Tass news agency.

Moscow radio, in a companion broadcast, charged West Germany, with the support of the North Atlantic Treaty Organization, was trying to undermine the results of the Kennedy-Khrushchev meeting.

The Soviet foreign ministry statement protested meetings now being held in West Berlin by committees of the West German Bundestag, the lower house of Parliament, and also dormant plans to hold a symbolic Bundestag session in the Allied-occupied half of the Communist-surrounded city.

Bonn announced Thursday night that West German Chancellor Konrad Adenauer will visit Berlin

Tornado Causes Heavy Damages Near Piqua

PIQUA, Ohio (AP)—"A giant fist" of a tornado reached out of the blue Thursday evening and grabbed up trailer homes, power and phone lines, trees and barns like they were matchsticks.

The twister hit just north of Piqua and caused devastation in a three-mile radius. But no one was reported injured.

"I know I may be seeing things,

but I just saw a big tree flying in the air," said an out-of-breath, unidentified fisherman who rushed into police headquarters here.

Moments later police received a tornado report from a housewife who viewed the swirling black funnel from a window in her basement and described it as "a giant fist."

"It reached down and grabbed our garage roof into the air and whirled it around in that field," said Mrs. William Stanton.

"It was all over just like that," she told a reporter, snapping her fingers.

A trailer home owned by Mrs. Jewell Sherer, a schoolteacher, was blown off its foundation. Its undercarriage was ripped off and it slammed into the side of Mrs. Stanton's garage.

Mrs. Stanton and her daughter "started screaming for we feared that Mrs. Sherer might be in her home." But she wasn't.

Adjacent to the Stanton home is the H. & H. Mobile Homes Sales Service, where at least five trailers were heavily damaged.

Fred Houser, co-owner of H. & H., said loss on his property would be in excess of \$100,000, including about \$45,000 to his trailers.

One wall of a concrete display building on Houser's property collapsed on a new trailer. Houser and an employee, Robert Bryan, were working on a truck in the building when the tornado hit.

"I heard a roar," Houser said, "I stepped outside and looked west and saw this black funnel reaching down. I yelled to Bob and we ran back inside and crawled under the truck. Moments later the entire north wall of the building collapsed."

Elsewhere, the 120-foot radio tower of the Ohio Highway Pa-

Meeting Set Here By Legion

Nearly 300 persons are expected to attend the Saturday night banquet that will open the American Legion 10th District convention, to be held in Salem over the weekend.

The 6:30 banquet will be held at the Elks Home and will honor past commanders of the nine counties which comprise the Legion district. Judge Randall L. Buchanan of Steubenville, president of the past commanders association, will preside. New officers are to be elected.

Visiting dignitaries will include Ohio American Legion Commander Alec J. Blair of Jackson, and Robert W. Tasker of Carrollton, 10th District commander.

To Observe Flag Day

A joint Legion and Elks Flag Day program will be held afterwards in the Elks Home ballroom and this will be open to the public. The public also is invited to witness the anti-Communist movie, "Operation Abolition," which will be shown at about the same time.

The Flag Day ritual will be in charge of Harold Parker, chairman Frank Early and Wade Loop. A musical program by pupils of Mrs. Esther Odoran will precede the address of the state commander.

The Legion convention will continue on Sunday when, at 9:15 a.m., the address of welcome will be given by Mayor Dean B. Cramer. A business meeting will be held for the election of new district officers.

The Legionnaires, bands and military units will march in a parade on downtown State St. Sunday afternoon at 3. John Herman is parade marshal.

The Charles H. Carey Post No. 56 of Salem is host for the Legion convention. Dallas L. Wohn-

Ousted Police Chief Appeals Dismissal

EAST PALESTINE — C. Richard Loutze, former police chief dismissed June 1 by Mayor Robert Harding, Thursday night appealed his dismissal notice to the Civil Service Commission.

Tuesday he had filed a written explanation with the mayor, but the latter failed to act on it. E. C. Milliken, Civil Service Commission chairman, said the commission will meet next week to set up a date for a formal hearing on the appeal. In the meantime, Wallace Dilworth, three-year police veteran, is acting chief.

Loutze, who held the chief's job three years prior to his dismissal, was relieved of his duties on nine charges.

Salem High School Graduates Record Class

Diplomas For 230 Awarded; Pupils Speak

Approximately 1,600 persons witnessed the 97th annual commencement at the Salem Senior High School Thursday evening and saw 230 graduates receive diplomas, the largest class on record. Last year a total of 222 was graduated.

Principal Beman Ludwig said that eight students are short one or less credits but that they will complete their requirements this summer.

A total of 140 boys, the same as last year, and 120 girls, eight more than last year, received diplomas from School Board President O. A. Naragon after the class was presented by Superintendent Paul E. Smith.

After the welcome by Donald Davidson, class president, James McNeal, the first of three stu-

4 Considered For Fairfield Coaching Job

EAST FAIRFIELD — The Fairfield-Waterford Board of Education, at its meeting Thursday night, reviewed the applications of men seeking the football coaching job vacated by Walter Newton.

It was decided that four applicants should be present at the next meeting July 13.

Two teachers were hired and two secretaries' contracts were renewed when the board met last night at the Fairfield Building.

Mrs. David Steiner of North Lima and Miss Loretta Mancuso of Leontonia were hired for a year to teach in the elementary grades. The contracts of the school secretaries, Janet Harding and Elverda Gaughman, were renewed for three and five years, respectively.

It was announced that Mrs. Harriet Gaver is retiring from teaching after 16 years in the district.

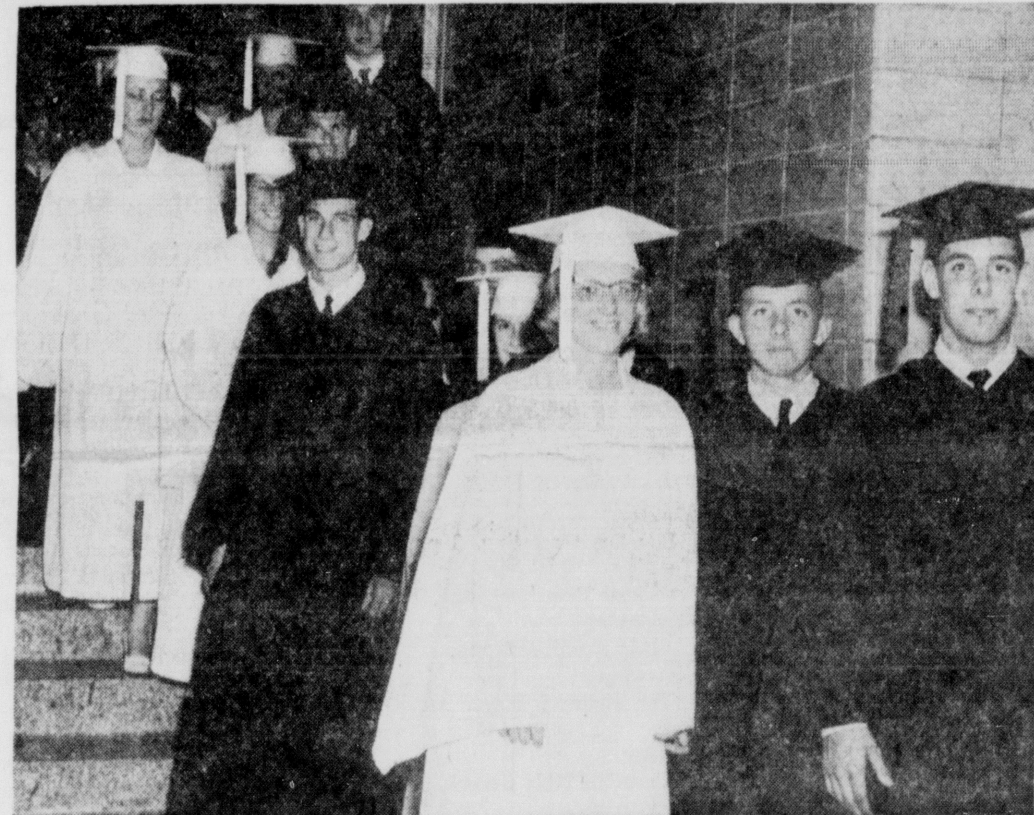

The board granted permission for custodians Lloyd Everett, Raymond Montgomery and Eugene Esterly to attend a work-

U.S. Envoy Delivers JFK Note

GENEVA (AP)—U.S. Ambassador W. Averell Harriman meets Soviet Foreign Minister Andrei A. Gromyko today in an attempt to get the stalled international conference on Laos moving again.

Harriman, chief U.S. delegate to the conference, will deliver a note sent from Washington with President Kennedy's approval urging the Soviet Union to help establish an effective cease-fire in Laos.

Britain, cochairman with the Soviet Union, has postponed the conference indefinitely because of cease-fire violations. But both East and West expressed desire for agreement.

There had been some hope Gromyko was bringing new instructions from Moscow when he arrived in Geneva Thursday night for the first time since Kennedy met Soviet Premier Khrushchev in Vienna, Austria.

Gromyko Dashes Hopes
But Gromyko quickly dashed hopes he was bringing orders for the Communists to change their line.

"My pockets are empty," he said.

A cease-fire was proclaimed May 3. But the West has charged repeated violations and today there were reports of attacks by Communist-led rebel units north of the royal capital of Luang Prabang.

It appeared the Communist-led Pathet Lao rebels are trying to clean out areas of government resistance and strengthen their claim to Kiang Khouang Province.

Gromyko met this morning with the foreign ministers of three of the Communist countries—Marshal Chen Yi of Red China, Adam Rapacki of Poland and Ung Van Kham of North Viet Nam. Chinese and Vietnamese Communists may be even less eager to stop the fighting than Moscow.

Gromyko told newsmen he had returned to Geneva to resume the conference and declared: "We still believe that if all parties are willing, it is possible to reach an agreement. I repeat, if all parties are willing."

Rebels Hold Upper Hand

The assumption was that he meant if all parties are willing to go along with the Communists. With the rebels holding the upper hand militarily, the Communist delegates at Geneva insist the cease-fire is effective and the conference should only discuss the political future of Laos.

The United States and Britain forced an indefinite suspension of the conference sessions Thursday after the pro-Communist Pathet Lao rebels drove a holdout government garrison out of the mountain village of Padong, deep in Pathet Lao territory. The West called the attack on Padong a serious violation of the cease-fire.

The Western allies refuse to participate in further conference sessions until the Communists agree to strengthen the powers of the truce commission in Laos to enable it to check immediately on violations of the cease-fire. But President Kennedy reiterated that the U.S. delegation was not quitting the conference to return home.

Communist spokesmen in Geneva and Red propaganda organs took the line that the attack on Padong was justifiable as a clean-up operation to wipe out U.S.-supported "bandits and saboteurs" harassing the population in Pathet Lao territory.

JFK Taking Swim Pool Treatment

PALM BEACH, Fla. (AP) — President Kennedy, just like any other good patient, today minded doctors orders and gave a heated salt water swimming pool his No. 1 priority.

Kennedys personal physician, Dr. Janet Travell, has prescribed plenty of swimming in warm water for the President's aching back.

An excellent swimmer since boyhood, Kennedy found the prescription easy to take.

Kennedy flew here from Washington Thursday afternoon within a few hours after the first announcement he had been suffering from a painful back injury since May 16.

Dr. Travell came along to keep a watchful eye on her famous patient, although the bothersome back might have been all right by now if Kennedy hadn't gone through such a heavy schedule abroad.

The ocean front villa of Mr. and Mrs. Charles B. Wrightsman, where Kennedy is staying, is

House Faces Pile of Work

Ohio Legislature In Weekend Recess

COLUMBUS, Ohio (AP) — The Ohio House has built up a pile of work for itself Monday, including action on a controversial bill to restrict lobbying.

Compounding the Monday chores faced by the House is a bill raising the rate of employer contributions to the unemployment compensation fund.

The lobbying bill was carried over from Thursday's calendar because of a desire for further study by House Speaker Roger Cloud.

The House Thursday passed and

sent to the Senate bills to:

Ban all sales of intoxicants on Christmas Day.

Allow cities and counties to protect new liquor and beer permits in their areas.

Spur sale of bonds issued to finance water and sewer systems in built-up suburban areas by deferring payment of assessments up to 20 years.

Reduce from 30 to five days the limit for disciplinary suspension of state and local civil service employees.

The Senate, without debate, sent to the House a bill increasing membership of the Bowling Green State University board of trustees from five to seven. Sponsors indicated the measure is designed to quiet some of the unrest which has beset the campus since early spring. They said only six meetings of the board have been held in the last two years and expressed

hope a larger board could meet more frequently.

The bill on Christmas Day sale of liquor started out to ban sales before 6 p.m. A surprise amendment banning all sales on the religious holiday was adopted and the bill was quickly passed.

The other House - approved liquor bill provides that counties and municipalities must be notified within 10 days when new beer and liquor permits are sought in their areas. The measure sets up a firm time schedule for county commissioners or city councils to file objections, arrange local hearings and take testimony. After the hearings, the liquor control director would have authority to issue or reject the permit applications.

The House also passed and sent to the Senate bills to:

Increase salaries of the five Workmen's Compensation Board of Review chairmen, now \$5,500, to \$7,500 a year.

Increase pensions for police widows to \$90 a month and allow \$35 a month for life to disabled or retarded children of deceased police officers.

Lengthen to five years the three-year terms of notaries public.

The bill to put new clamps on lobbying activities was touted as the top order of business in Thursday's session, but Speaker Cloud personally called a halt in order that he might study the measure over the weekend and confer with controlling House Republicans in a caucus Monday.

The lobbying bill, in addition to requiring more frequent expense reports from lobbyists representing private interests, puts a brand-new crimp in the activities of public officials who attempt to influence legislation. Cloud said he is concerned with penalties established for public officials who violate provisions of the new bill.

GO WEST, YOUNG NATION—Final figures of the 1960 census put the new center of U. S. population at a point near Centralia, Ill. The "population center" is defined as the geographic point where perfect balance would result if the nation were a plane and all citizens weighed the same. News-Graphic shows how the heavily populated east counter-balances the west. The new center is 57 miles farther west and 16½ miles farther south than it was in 1950, largely due to the admission of Alaska and Hawaii. It is also farther south than at any other time. Some experts believe the center will eventually stabilize near St. Louis, Mo.

Program Plans Made For Campfire Girls

EAST PALESTINE — Plans have been completed for the annual Campfire Girls program for the summer.

The girls will begin their summer camping Sunday at the city park cabins. The camp season will continue through Sept. 2.

On June 26, swimming classes will be held, with Miss Nancy Perrine of Columbiana as the instructor. The instruction is for two-week periods, an hour each morning.

The second period starting on July 10 will include a class for junior lifesaving, the final period will start July 24.

Archery and tennis instruction is planned for later in the summer.

The programs are financed by a tag day held last Saturday which realized \$352.

Justice Dept. Mum on Defiance Of Red Party

WASHINGTON (AP)—The Justice Department today reserved comment on the announced intention of the American Communist party to defy the Supreme Court decision that it register as an organization controlled by the Soviet Union.

But individual officials left no doubt about the department's readiness to go to the legal mat again with the party and its members over compliance with the court ruling.

Actually, Atty. Gen. Robert F. Kennedy aides are still engaged in an analysis of the somewhat complex Supreme Court actions of last Monday. They upheld the registration section of the 1950 Internal Security Act, and also the conviction of a party member on grounds he was an active member of an organization advocating violent overthrow of this government.

The department has carefully withheld any discussion of the implications of these inter-related rulings pending completion of a study of the diverse court opinions accompanying them.

Gus Hall, the U. S. party's general secretary, said Thursday it will not comply in any way with the registration decision, which took the Federal Government years to obtain.

Summer Recess For Congressmen Pushed by Barry

WASHINGTON (AP) — When Speaker Sam Rayburn weeks ago snorted "nonsense" to the suggestion that Congress take a summer vacation the idea appeared doomed.

It still may be, but its adherents die hard.

One of them, Rep. Robert R. Barry, R-N.Y., has two children and the belief "that the warmth and support of a family are vital to the efficiency of many congressmen."

Armed with this observation and also the statistics that senators have about 140 school-age children and House members more than 600, he appeared Thursday before the House Rules Committee.

His aim: Action on his resolution requiring Congress to recess every year, or at least every other year, from the end of June until early October.

He got no immediate sympathy from the committee, even after saying wives of 175 senators and representatives have signed a petition favoring the summer recess.

Meanwhile, operating on a second front—the Senate—Sen. Gale W. McGee, D-Wyo., said a Senate resolution proposing annual summer vacations for Congress has been misunderstood.

He urged Congress to adopt a policy of "continuous year-around sessions" with time out for summer vacations, election campaigns and the national political conventions. Such a policy, he said, "will result in less time off, rather than more."

Finally, the committee put off action on Barry's resolution until an indefinite later date. By then, the chances are, summer may have come and gone.

Extradition Waived By Aliquippa Man

LISBON — Eugene Simmons Jr., 26, of Aliquippa, Pa., waived extradition Thursday before Common Pleas Judge Raymond S. Buzzard on a charge on non-support.

Simmons was being held in the county jail in lieu of \$2,000 bond set by Common Pleas Court on a charge of assault with a deadly weapon in the cutting of Henry Roach Jr. at the Social Club in East Liverpool on May 26.

Simmons was returned to Beaver County, Pa., Thursday and will stand trial for non-support. If he is not convicted he will be returned to Columbiana County to wait trial on the assault charge.

U.S. To Fight For Free Asia

Johnson Says Red Push Can Be Halted

WASHINGTON (AP) — Vice President Lyndon B. Johnson said today the United States will not surrender the free people of Asia to communism "without putting up a fight."

He said it was his judgment that "freedom in Asia is worth fighting for" and that the American people, once they understand the tremendous stakes, "are ready to follow the path that means freedom—not just for Asians, but for ourselves as well."

In an address prepared for delivery before a conference of United Press International editors, the vice president declared:

"The front line of freedom lies today in nations like Viet Nam, Thailand and Pakistan. It is our obligation to ourselves and to our descendants to so conduct ourselves that those lines will not be breached or pushed back."

Communism, the vice president declared, "is not riding a tide of inevitability in Asia," and "it can be stopped in its tracks."

"Simple arithmetic and common horse sense dictate that we take the necessary steps to maintain the freedom of nations that have not fallen under the Communist yoke," Johnson said. He added:

"The Communists are hoping we will surrender these people without putting up a fight. And I am here today to tell you—as I told the leaders of the countries that I visited—that we are not going to do it."

"We are not going to pull back to Honolulu and San Francisco to await the inevitable Communist assault that would follow such a tremendous victory. These are not idle words."

The vice president said the Asian countries have "the will, the manpower, and the resources to make their resistance effective" and all they need "is an equal determination on our part, plus some help and advice."

Inexpensive Hobby

By HAL BOYLE

NEW YORK (AP)—Are you looking for a new hobby? Why not take up window shopping?

It is the most inexpensive hobby in the world. All you need to enjoy it are a pair of legs and a city to walk in. As the forest is a great window to the wonderful world of nature, so is the city a great window to the marvelous and intricate world of man.

A walk in the woods calms and soothes the human spirit, but a stroll through the city ignites and bestirs the human mind. It awakens in one a recognition of the tremendous complexity of civilization.

Look in the store windows of a single business block in any city of America and you can find displayed more gimcracks, tomfoolery and treasure than ever a pirate looted from a galleon sailing the fabled Spanish Main.

Some people window shop purely to find what they want. The real sport of window shopping, however, consists in gazing at things that other people may feel they need but you don't want and really wouldn't know what to do with if they came as a gift.

There are many ways to play the game of window shopping, but it is probably best played alone. No two people, however matched in taste, like to stand and stare for the same length of time at the same window.

You make up your own rules as you go along. One way is to start out with a mythical bankroll and see how long it takes you to spend

great sport of window shopping, wherever you walk, is an inquiring mind. You come back from such a jaunt healthier in body, richer in mind, and no poorer at all in pocketbook.

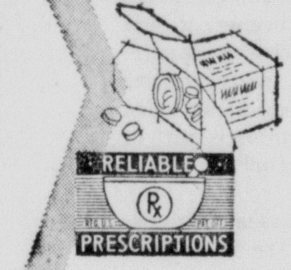

One of the nicest things about window shopping is that when you buy a yacht you don't have to pay the crew to staff it or pay the bills to store it in the winter. You merely sail it across serene seas in the eternal summer in your head.

Shell experts test for knock by accelerating up steep grade. In another test, that "fifth wheel" in the back is lowered onto the road to measure mileage precisely.

TOP PERFORMANCE:

Shell test crew reveals five ways to test your car for top performance—and how the 9 ingredients in today's Super Shell can help you get it

To John Baker and John Watson (below) of Shell Research, top performance is a scientific standard. They measure it with precision instruments. But any good driver can run a version of their basic tests. Here are five they recommend.

Test #1. Quick starting

Count the seconds it takes to start your car. The engine should "snap to" in about two to three seconds. A slow start drains your battery. And it may flood your cylinders, causing performance troubles.

If your engine is balky, try Super Shell. It's blended with a frisky ingredient called Butane—

to give you quick, easy starts.

Test #2. Smooth running

Pay close attention to your engine in traffic.

Does it vibrate roughly when you stop for a traffic light? Does it seem to "surge" as you pull away, then falter and fade?

The problem may be the wrong blend of gasoline.

In summer, for example, excessive heat can make winter grade gasoline bubble in the fuel line. Bubbles can interfere with the flow, causing rough running.

Shell scientists don't let that happen with Super Shell. When hot weather threatens, they adjust Super Shell's 9-ingredient formula to give it the correct volatility for smooth summer driving.

Test #3. Reserve power

On a turnpike, in light traffic, accelerate suddenly from about thirty miles an hour to the legal limit. Now ask yourself:

1. Did your car accelerate smoothly—with no faltering, no bogging down?

2. Do you have plenty of power to spare?

If you feel you've "run out of engine," it's time to do something about it.

Super Shell may be your answer. It contains TCP,* to help restore power lost to combustion chamber deposits.

And another Super Shell ingredient, called Platformate, contains components that release 11 per cent more energy than even the finest of 100-octane aviation gasolines.

Test #4. Knock

Accelerate up a long, steep hill and listen carefully. If you hear a sound like marbles falling into an empty oil drum, you've got knock. It could cause engine trouble.

Take no chances. Switch to Super Shell. Its formula includes no less than three ingredients to fight the various causes of knock.

Test #5. Miles per gallon

Don't trust your fuel gauge when you measure miles per gallon. Take these three simple steps and be sure.

1. Start your test by filling your tank. Make sure the gasoline comes up to the brim. Write down your mileage reading.

2. Drive in your normal manner for at least three tankfuls—

keeping a record of the exact amount you buy.

3. Finally, fill your tank to the brim again. Add up all the gallons you've bought (not counting the initial fill-up in step 1.) Divide this amount into your total miles driven. This gives you your miles per gallon.

Try this test with three tankfuls of Super Shell. You'll see what top performance really is.

A Bulletin from Shell Research—where 1,997 scientists are working to make your car go better and better.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212

Allen West Accepts School Music Position In Maryland

Allen F. West, band director at West Branch High School in Damascus, has submitted his resignation to the West Branch Local Board of Education to be effective at the close of the summer music program.

He has accepted a position as band and orchestra director in the Prince George's County Schools in Maryland, and will be located in the Oxon Hill area on the southeast edge of Washington, D.C.

Mr. West has been at West Branch for the past 10 years and has built the West Branch Band to one of the outstanding musical units of the area. The band has had an excellent record in district and state contests for the past several years and in the spring of 1959 represented Ohio in the National School Boy Patrol parade in Washington, D.C. The band appeared in the Salem Invitational Band Festival last April and has participated in numerous parades and festivals in northeastern Ohio.

A native of Damascus, Mr. West attended the former Goshen High School. He graduated from Mount Union College in 1939 and has done graduate work at Chautauque, N.Y., summer school and Kent State University. He spent

Allen F. West

five years in the East Canton schools before joining West Branch.

Two years ago he was elected to membership in the American School Band Directors Association, and this past year was a member of the Erling Hanson Second Annual Band Director's Goodwill Journey to Europe and the Soviet Union. He has spoken to numerous groups in the area regarding his trip.

Mrs. West, an elementary teacher at Knox School, has also resigned. She has accepted a position in the same Maryland school system and will teach in Tanglewood Elementary School. A native of Canton, she attended Kent State and Ohio State universities.

Mr. and Mrs. West and their two sons, David and Thomas, presently reside on the Beloit-Westville Road, but will move to their new location about Aug. 15.

jockeying in the cloakrooms, Sparkman finally devised a substitute which got the provision back into the bill by a 47 to 42 vote early today.

The only significant concession he made was to require a down payment on the housing. This could amount to \$555 on a \$15,000 home, the maximum price allowed.

Thirty Republicans and 19 Democrats voted for the Gore amendment; 41 Democrats and 3 Republicans opposed it.

On the reversal, 43 Democrats and 4 Republicans voted for the Sparkman compromise; 27 Republicans and 15 Democrats remained in opposition.

equipped with a heated swimming pool.

Both in Washington before his departure and after his arrival here Kennedy gave little or no indication of suffering discomfort. He smiled as he walked down the ramp from his plane. Onlookers could detect no sign of real distress. And when his car reached the Wrightsman home, Kennedy hopped out in his usual brisk manner.

Kennedy's present back trouble is described medically as a lumbosacral strain. The White House says it is unrelated to his previous serious back problems.

Dr. Travell thinks it will remedy itself rapidly with proper treatment, including rest and swimming in warm water.

Kennedy suffered the strain while lifting several spadefulls of earth during a ceremonial tree planting during a state visit to Canada.

Tornado

(Continued from Page One)

trol's Piqua post was knocked down. This cut the post's radio contact with state headquarters in Columbus, but teletype communication was maintained.

After hitting the trailer sales lot, the twister dipped down at a small housing subdivision a mile away. Three houses, two under construction, were damaged.

About 10 trees were uprooted in that area and a barn was razed. Torrential rains accompanied the windstorm, flooding many roads.

Near Enon in Clark County, many trees and two barns were bowled over by the high winds. Several power failures were reported in the Dayton area.

UNLUCKY?—Well, it is in a sense, because the air mail rate has gone up. This 13-cent rate has been used to some international points after June 28.

Goldwater, appearing on the Jack Paar television show (NBC) Thursday night, said "a government has to be dealt with by a government—not by a group of citizens, however well-intentioned."

The committee, formed after Castro made his trade offer May 17, said it would not send one of its more prominent members to Havana to negotiate as Castro had asked but would send a six-member technical committee of agricultural and tractor experts.

It said that if Castro approved of the offer the team of experts would arrive in Havana next Monday. It urged Castro to reply as soon as possible.

Castro had asked that any delegation to Cuba should contain one of the principal members of the committee.

Mrs. Franklin D. Roosevelt is committee honorary chairman, Dr. Milton Eisenhower, educator and brother of former President Dwight D. Eisenhower, is a co-chairman.

Walter P. Reuther, also a co-chairman and president of the United Auto Workers Union, said, none of the prominent members would go.

Named to the technical committee were Prof. Roy Bainer, head of the University of California agricultural engineering department; William Bishop, leader of agricultural programs for the University of Tennessee Extension Service; Duane P. Great-house, director of the UAW's agricultural implement department; C. M. Hansen, Michigan State University assistant professor of agricultural engineering; J. B. Liljedahl, Purdue University professor of agricultural engineering; and Prof. E. W. Schroeder, head of the Oklahoma State University agricultural engineering department. They would be accompanied by a Spanish language interpreter.

128 Pints Exceeds Bloodmobile Quota

A total of 128 pints of blood was collected at Thursday's visit of the Red Cross Bloodmobile at the First Methodist Church. This is three pints over the quota.

Louis Raymond, chairman of North Columbiana County Red Cross blood program, reports 38 donors were deferred and 31 were "no shows." He pointed out that if there hadn't been 30 "walk-ins" and donors from outside the area, the quota would not have been attained. He stressed that if appointments are made, it is vital that they be kept.

Mr. Raymond commended William Wright, blood chairman of the Church of Our Saviour, and Carmen McNicol, general church chairman, and chairman at St. Paul Catholic Church, for their work in securing donors. He expressed appreciation to all who made the visit a success.

The physicians on duty were Dr. Robert Osmundsen, Dr. James R. Milligan and Dr. Ernest P. Schaefer. The canteen was provided by the women of the Winona Methodist Church, with Mrs. Donald Dusenberry and Mrs. Herbert Hanna in charge.

Mr. Raymond plans to meet with the church and industrial chairmen to plan for the Aug. 10 visit of the Bloodmobile.

Graduation

dent commencement speakers, spoke on "The New Beginning," McNeal said, "Education's main intention is to enlighten the understanding, form the habits and manners of youth and fit them for usefulness in their coming years."

"The individual who feels that his education is completed and that there is no need for further study on his part just because he has received his high school diploma is of all persons the most useless — to himself and to his fellow man."

McNeal said, "The future is full of opportunities. Chances are ever-present; every hour is a chance; every day, a new beginning and there are not many of us who can't make a change for the better. Successful citizens are not made by words, but by deeds. As we continue to live, learn and develop... so shall we be."

Presents Challenge

The second speaker, Philip Greenisen issued a challenge in his text "Tomorrow's Challenge."

Greenisen pointed out, "the immediate future holds innumerable problems which must be solved. The challenge to meet these very difficult problems is actually twofold. To protect democracy today, we must not only defend it from without, we must also defend it from within."

"Americans at times tend to endanger themselves through their own indifference. This indifference may be due to their failure to realize exactly what they are up against," Greenisen went on to say, "There are few generations that have had the opportunity or the terrifying responsibility to decide how long they and their country will live. Because of the potential destructive power of the atomic bomb and because of the unfriendly attitude of some nations that do not believe in our way of life, we are one of those unfortunate few."

Exchange Student Heard

The final speaker, Miss Helle Gade Jensen, a foreign exchange student from Denmark, commented on what happened to her during her stay in Salem in her speech, "I Shall Remember."

Miss Jensen described her stay in Salem by saying, "Here in Quakertown, U.S.A., I found a warm and loving family, an American Mom and Dad, brother and sister, who treated me as one of their own. I formed many lasting friendships with young and old. I became familiar with the American way of life... I am especially thankful for my experience in attending an American school and with the assistance that I received from everyone. To my teachers I owe everything. To these teachers of mine I extend my deepest respect and appreciation."

In conclusion, Miss Jensen said, "From now on, between my country and yours there shall always be a link in the person of Helle Gade Jensen. I shall now think of every day, of every memory that you gave me, unforgettable and unforgetting. For the rest of my life my experiences with you shall be a remarkable part of the memories with which I shall live. Wholeheartedly and humbly, as a citizen of the Free World, I thank you."

Musical numbers on the commencement program were done by Theresa Viola who sang "The Lord is My Light"; Lorraine Pardee played a clarinet solo, "Quintette," and a senior girls trio, composed of Judy Menning, Ruth Kekel and Dorothy Spack sang the "Shepherdess." Karen Green-

isen was the accompanist. Frederick Stockman, class vice-president, led the changing of the tassels of the class after all had received their diplomas.

Rev. J. Richard Gaffney, pastor of St. Paul's Catholic Church, delivered the invocation and the Rev. Harold W. Deitch, pastor of the First Christian Church, gave the benediction.

Alumni Event Saturday

On Saturday the 1961 Class will be guest at the 79th annual reunion and banquet of the Salem Alumni Association. The banquet will be held at the Senior High school at 6:45 p.m. Athletic Director F. E. Cope will be master of ceremonies while the main speaker will be a former Salem High graduate Chester Smith, sports editor of the Pittsburgh Press.

A dance at the Salem Golf Club will follow at 9:30 p.m.

shop at Kent State University. A representative of the Janson Industries of Canton was present to show samples of draperies and stage curtains for the new Crestview school, but a selection was not made.

The student accident insurance will be with the Security Mutual Casualty Co., next year, with premiums of \$1.50 for regular coverage, \$10 for 24-hour coverage, and \$12 for football players.

It was reported that used school seats at the Fairfield Building are available at \$1 per unit, on a "First come, first serve" basis.

Over 2,000 books for the new library were received in the recent collection made by the seniors.

The bus drivers held a dinner party Thursday evening at Heck's Restaurant in honor of Orville Chellis who retired from bus driving after 23 years with the school district.

TRUCKER IS FINED

Orville Le Master, 24, of West-Soro, was fined \$25 and costs in Mayor Dean Cranmer's court this morning for truck overload.

TRAINS MISSILE HUNTERS—This is an artist's conception of the nation's first missile training target with speed and altitude performance to match the latest enemy aircraft. The XKD2B-1 was launched successfully at the Naval Missile Center, Point Mugu, Calif. This new missile target is capable of level flight at any predetermined altitude up to 70,000 feet at twice the speed of sound. It has a self-contained guidance system and, should developments warrant, can destroy itself. Tests now are under way to make the target operational at an early date.

Ohio Big 8 Basketball Conference Unofficially Formed

By BOB JULIAN

Representatives of seven perennially strong Ohio high school basketball powers unofficially organized a new athletic league for basketball and voted to call the proposed loop the "Ohio Big 8 Basketball Conference."

Coaches, athletic directors and principals of Alliance, East Liverpool, Massillon, Niles, Salem, Steubenville and Warren met on Thursday at the Lape Hotel here. They set June 22 as the date that all principals would be present to go over the constitution and by-laws and adopt them if agreed upon, providing that all athletic boards of the schools involved give their approval.

IF THE PRINCIPALS approve the constitution and by-laws the league will become official and will begin operation with the 1961-62 season.

The eighth member of the proposed conference, Canton McKin-

ley, was not present. Dean Roach, sports writer for the Canton Repository, spoke in behalf of the Canton school. Roach said that "Canton McKinley seems to be having some opposition from the administration." The administrators, he went on, "want something definite before making a decision on joining the league."

Roach pointed out that the administrators of the Canton school voiced some objection in that they did not know whether they would benefit from the proposed league.

Four problems, Roach said, have been cited by administrators of the school: (1) They would have scheduling problems when they are to play home games because all Canton schools use the fieldhouse; (2) They wondered if the proposed league would oppose doubleheaders; (3) They expressed some concern in the selecting of officials; and (4) They disclosed that relations with Alliance

Principals to Discuss Constitution

were broken off last year and whether to start up again was undecided.

Roach also pointed out that the Canton McKinley coach, Bup Rearick, was interested in the new league. Other representatives brought out the fact that McKinley already has five members of the proposed loop scheduled.

The ninth high school being considered for membership in the new league, Cuyahoga Falls, officially gave notice that they will not join the loop in a letter to Dick Boyd, Warren Harding coach, the temporary chairman.

CUYAHOGA FALLS expressed that they would keep its membership in the all-sport, Inter-City Conference that includes Barber-

ton, Canton Timken, Akron Hoban, Akron St. Vincent and Canton Lincoln.

The name "Ohio Big 8 Basketball Conference" was suggested by Salem mentor, John Cabas and passed with unanimous approval. All schools represented submitted names for the new league, "East Central Classic League," "Three Rivers Conference" and "Heartland Conference" were some of the names suggested.

Milton Mollenkoph, Warren Harding principal, suggested that at each league game, it should be determined by someone, possibly the officials, which school displays the best example of sportsmanship. He said that this might be one way to stop a rivalry after the game ends, instead of carrying it outside.

The constitution committee, composed of Joe Bassett, Niles coach; Larry Pallante, Niles athletic director; Ben Wilson, Warren coach; and Dick Boyd, Warren coach, and Salem coach John Cabas presented the constitution and by-laws to the group for discussion. Boyd pointed out that no decision would be made now on the constitution.

Cabas stated that the coaches wrote the constitution but that the real power of the new league rests with the various school principals, in that they are the ones that will comprise the executive board.

Boyd read through the constitution and by-laws and the majority of the representatives present agreed with the wording except for a few points.

The duties of the commissioner

were the most criticized. The way the by-laws are written the league president and the executive board have all the authority with the commissioner being just a figurehead with little responsibility.

CABAS SAID THAT he believed that the responsibility of the league should be invested in the commissioner. The Salem mentor also stated that the Salem Athletic Board would like to see a strong commissioner, and they want to know who appoints him.

This is possibly one reason that the full approval for Salem to join the league was not given at the last athletic board meeting. The Salem Athletic Board has expressed a deep interest in the new league and approval for Salem to join the loop is expected.

George Hargraves, East Liverpool principal, said that the Poters favor the proposed league but the athletic board questions the necessity of a commissioner.

Hargraves said that the main objective was the commissioner's duty to assign officials. The East Liverpool principal pointed out that the athletic director or faculty manager has always done this job. He also said that the executive board would be doing most of the commissioner's work.

The majority of the representatives believed that the league should have a strong commissioner and should be someone not connected in any way with the schools.

Other articles and sections of the constitution that were discussed were the following: how teams should seek membership after the league is officially organized; who shall have the power to call special meetings, the president, commissioner or half the members; expenses for the

commissioner; what officials should be paid, and how the championship should be determined.

THE COACHES PRESENT expressed the opinion that they have gone as far with organizing, what is perhaps the most powerful cage loop assembled in the state, as they can and now if the conference is to become a reality it is up to the principals and respective athletic boards.

No school has officially stated that they will join the league, however, all but Canton McKinley have expressed more than just the desire to start a league. They all would like to see it come about.

Hargraves was appointed temporary chairman of the executive board to contact all the principals of the schools involved as to the importance of their attendance at the June 22 meeting set for 6 p.m. at the Lape Hotel.

Cleveland Splits Twin-Bill 1-0, 1-2

Detroit Still Half Game Behind; Dykes Plays Nightcap Under Protest

By DAVE DILES

Associated Press Sports Writer Detroit (AP)—The Cleveland Indians and the Detroit Tigers are fighting for first place in the American League and they have the umpires in the middle of the squabble.

Manager Jimmie Dykes of the Indians and Bob Scheffing of the Tigers were storming at the men in blue in Thursday night's doubleheader at Tiger Stadium, and, for Dykes part, the battle is not over. "I doubt if I'll win the protest,"

Dykes admitted, "but I never had a more legitimate squawk in my life."

Two of the Toughest Battles

The baseball games, two of the toughest battles in the race so far, were divided. Cleveland took the opener 1-0 as Jim Perry and relief ace Frank Funk scattered 10 Tiger hits and won on first inning doubles by Johnny Temple and Vic Power. Detroit won the nightcap 2-1, Frank Lary getting his 13th triumph on Norm Cash's 13th home run and some help from the Indians' infield. The victory snapped Cleveland's 10-game winning streak.

But most of the excitement came in the eighth inning of the nightcap, and it kept 48,550 fans howling for 15 minutes. Cleveland played the game under protest. The Indians trailed 2-1 with one on, one out, and Bob Hale was sent to pinch hit. When Umpire Larry Napp called Hale safe at first on what looked like a double play, the stadium rocked with jeers, Detroit players rushed at Napp and Manager Scheffing bolted from the dugout. While the argument was going on, Hale lit out for second base. Catcher Mike Roarke tagged him. Napp ruled Hale out.

Scheffing defiantly moved back to the Detroit dugout as Dykes leaped out of the Cleveland dugout. Dykes' argument was that no play could be made since Scheffing and his coaches were on the playing field. Napp argued that time had not been called.

"Napp had the unusual distinction of blowing the same play twice in one game," Dykes barked after the game. "The runner should have been called out at first because the throw beat him by a full step."

"Everyone in the park saw that except Napp, and he knows he missed the call. So the Tigers are all over him, and he makes it worse by letting the tag on Hale stand when you cannot possibly have a legal play in baseball with more than nine men on the field." When play finally resumed, Lary finished up his six-hitter and almost everyone had forgotten that the Tigers got their winning run in the fifth inning on a wide throw by shortstop Held and a late throw to the plate by first baseman Power.

Mossy Losses Don Mossy had his six-game unbeaten streak snapped in the opener, ditto John Romanos 22-game hitting streak. And at the end of it all, the two clubs were right where they began—Cleveland one-half game in front of the Tigers. The two clubs resume battle to night with Bobby Locke (1-0) facing Detroit's Phil Regan (5-2).

After losing seven in a row as a starter, Bob Friend beat second place Los Angeles 4-2 with relief help from Bobby Shantz Thursday night, pushing the Pittsburgh Pirates within 3½ games of the National League lead again.

Braves Set Record

The loss dropped the Dodgers a half-game behind the Cincinnati Reds, who defeated Milwaukee 10-8 despite four consecutive homers by the Braves that set a major league record.

Philadelphia beat San Francisco 5-2 in the only other game scheduled in the NL.

In the American League, Cleveland clung to a half-game edge over Detroit after splitting a two-night doubleheader with the Tigers. The Indians won the opener 1-0, then lost 2-1. New York split a two-night pair with Kansas City, winning 6-1 before the As bounced back 9-6. Minnesota beat Baltimore 3-1. Boston defeated Los Angeles 6-5, but the second game of the two-night twinnbill was called because of rain and ended in a 4-4, 11-inning tie. The Chicago-Washington game was rained out.

A pair of two-run homers by Bob Skinner and Bill Mazeroski in the fourth inning did it for the Pirates against Stan Williams (4-5). Willie Davis homered in the sixth for the Dodgers. Shantz

came on in the eighth nailing it for Friend (6-7) with 12-3 hitless innings of relief.

The Braves walloped six home runs, two by Ed Mathews, while losing their eighth in 11 tries against the Reds. Mathews, Hank Aaron, Joe Adcock and Frank Thomas put together the record four-in-a row in the eighth inning off winner Jim Maloney (4-2) and reliever Marshall Bridges. Losing pitcher Warren Spahn (6-5) tagged the other home run. Gene Freese, who drove in four runs, and Gordie Coleman hit home runs for the Reds, with Freese's three-run shot off reliever Moe Drabowsky clinching it in the sixth inning.

Phil Defeat Sam Jones Philadelphia defeated Sam Jones (5-5) for the first time in nine decisions since June 27, 1959. John Buzhardt (2-5) beat the Giants for the first time in his career. He allowed four hits, two of them solo homers by Willie Mays and Willie McCovey.

Rinaldi Says He'll Try To Tire Out Archie

NEW YORK (AP)—Giulio Rinaldi knows what he has to do to beat Archie Moore in their light heavyweight title fight at Madison Square Garden Saturday night.

After all he did get the verdict over a plumpish Moore in a non-title ten in Rome last Oct. 29 and he has carefully scrutinized films of Archie's losing heavy-weight title fights with Rocky Marciano and Floyd Patterson.

"Marciano and Patterson pressed him," said the Italian. "They knocked him out. Move Moore back and his legs get tired. I guess that has been his trouble for a long time."

Okay, Giulio knows the answer. But can he do it? "I think I can," he said via an interpreter. "Maybe it will take me seven or eight rounds but I think I can stop him."

But the big question won't be answered by Giulio. It's all up to Archie. If old age doesn't catch up to him in one swoop—like it very well could—he's apt to blast the strong but light-powered Italian out of action in three rounds. "I feel great," said Moore as he prepared to break camp today at Monticello, N. Y. "I feel better now than I have in a long time. All I can say is that I wish that Rinaldi makes good on his promise to go after me. Then it will be mighty interesting."

Rinaldi, with only eight knock-outs in 30 fights (25-5), doesn't compare with Archie in punching. Moore has knocked out 130 opponents (in 212 fights) for a world record.

Piersall Still Target Of Tiger Fans

DETROIT (AP) — Cleveland's Jim Piersall is still the favorite target of Detroit bleacher fans. The Tribe centerfielder said a golf ball and a bottle opener were hurled at him in Thursday night's opener.

Piersall kept quiet during the

barrage, but in the seventh inning he suddenly raced into the infield and complained to Umpire Larry Napp.

"The golf ball whizzed right past my head," said Piersall. "And I was mad. I told Napp I'm liable to get killed. He just laughed and I told him he's got the worst set of umpires in the league."

Manager Jimmie Dykes said: "I told Napp that if Piersall got hurt, I'd pull my club right off the field."

Amateurs, Late Models Billed At Canfie'd Track

The amateurs and the late models will share the program billed for the Canfield Speedway on Saturday. There will be eight races—two heat races for each, an Australian pursuit and two features.

Bill Forney and Jim Bickerstaff of Youngstown are putting on a rugged battle for the leadership at Canfield. Bickerstaff has two victories, but Forney, who has one, holds a slim edge, 190 to 188 in the Canfield standings. The defending champion, Forney has always proven consistent, adding two seconds and a fourth.

Wimpy May of Auburn Corners has run third three times to hold down third spot in the Canfield standings with 132 points. Nook Walters of Niles, a one-time winner, is fourth.

These drivers, along with the hard-driving Bob James of Akron, Gus Acocilli of Warren, Dick Lantz of Newton Falls and many others will be in the lineup Saturday.

Time trials are at 7 p.m. and first race at 8:30.

Frantic Search for Talent Bringing Wild Bonus Offers

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP) — Baseball bird dogs — the big league scouts — are busier than a last place team's bullpen chasing around high schools and signing almost any athlete who graduates, it seems.

Search Wilder Than Usual
The frantic search for talent is even wilder than usual this summer because of the majors' expansion program which will be accelerated next year with the addition of the National League clubs. The huge sums offered to untied teen-agers almost certainly will reach record heights, easily surpassing the reported \$7.5 million spent on bonuses last year. Two clubs already have shelled out more than \$100,000 for a single prospect. Two others reportedly have gone as high as \$200,000 in an effort to land an 18-year-old high school boy.

This week alone nearly a million dollars was handed out. The Kansas City Athletics announced Thursday they had given what they proudly said was a "cash record" of \$125,000 to Chester, Pa., high school pitcher Lew Krause, 18. He was recommended by his father, a former

pitcher and now a scout for the Athletics. Just two weeks ago, the New York Yankees said they had given more than \$100,000 to Jake Gibbs, Mississippi's All-America quarterback and star third baseman. Milwaukee, and Pittsburgh are said to be ready to spend \$200,000 for Bob Bailey, 18, a shortstop at Wilson High in Long Beach, Calif. He will become eligible for a bonus when he graduates June 15.

The Braves supposedly beat 17 other clubs to the door of Arnold Umbach, 18, a pitcher at Baylor Prep. A fat \$80,000 bonus served as the pass-word.

The St. Louis Cardinals, who recently lured Kerry McDaniel, a younger brother of Lindy and Von, for \$50,000, divided \$100,000 between Dave Fritz, 20, University of Minnesota outfielder and Craig Seegmiller, a Provo, Utah, high school shortstop.

American Legion Tilts Set For Weekend

Salem's American Legion baseball squad will tangle with the Steubenville American Legion aggregation in a National 10th District American Legion League battle at 4 p.m. Sunday at Centennial Park, announced John Herman, president of the Salem Junior Baseball Leagues today.

Rain Postpones Games

All Hot Stove League games and Class AA softball games were rained out last night and will be played at a later date.

Dave Briskin, executive secretary of the city softball leagues, disclosed that there will be no Class B loop and four games will be played nightly in Class A action only.

Briskin also announced that Steubenville Twin Cities will be at Kelley Park Sunday to battle Lincoln Machine at 7 and Mile Branch at 8:15 p.m. in softball exhibition encounters.

DRIVE A LITTLE—SAVE A LOT

SCHOOL IS OUT...

Please Drive Carefully

With the children out of school, it's important to drive with Special Care ... Always. Anywhere you drive at any time of the day, there may be children playing ... Watch for them - give them a "Brake." A running child often doesn't take time to think ... So let's think for them ... So that they can grow up and think for themselves!

"Hurry, papa's half et already" chust (pardon) just means that dad is halfway through a stick-to-the-ribs meal at the 12th annual Pennsylvania Dutch Folk Festival at Kutztown, Pa., July 1 through July 8. Treasured heirlooms vie for attention with craftsmen demonstrating old-time skills—water witching, soap making, white-washing, photo at left; hex sign painting and threshing, right photo.

Alla gabut (every so often) stage pageants depict the life of Gay, Plain and Hook-and-Eye Dutch. For the gourmet: seven sweets and seven sours, but boi (potpie), schnitz and gnepp and shoo-fly pie. Accent is on hospitality. "Farsooch's mull" (taste it once) is a bid to savor not only toothsome food but also the 300-year-old folklore the Dutch display with pardonable pride.

graduated from Greenford High School last week.

Graduation Exercises Held In E. Palestine

EAST PALESTINE — The 75th annual commencement exercises were held Thursday night at the high school, with more than 900 attending.

The 120 graduates represent the largest graduating class here.

The junior high graduates announced today total 160, also the largest number of junior high graduates. Last year the total was 124.

That class and about 20 parochial school graduates will constitute a freshmen class of 180 next year.

FILES \$150,000 SUIT

AKRON, Ohio (AP)—The widow of Frank Korosa of Akron, who drowned accidentally in Cleveland two years ago after attending a baseball game in Municipal Stadium, has filed a \$150,000 negligence suit.

She claims negligence by the City of Cleveland, the Allenside Athletic Club, Inc., of Akron, and the Manchester & Canal Fulton Bus Line, Inc., of Clinton, all contributed to the death of her husband. She alleges he fell off a pier after tripping over a beam placed at the end of the pier to brace the wheels of the bus.

KILLED IN ACCIDENT

YOUNGSTOWN, Ohio (AP) — William McCarthy, 21, of Youngstown was killed in an accident at the Youngstown Sheet & Tube Co.'s Campbell Works Thursday. He was buried for six hours under limestone, coke and ore.

McCarthy, an employee of a construction company repairing a blast furnace, was working on a catwalk when it collapsed near the furnace.

The Doctor Says

By DR. H. T. HYMAN

Hormones Don't Perform Miracles

Q—Are there any hormone pills that can be taken to remove hair permanently from the face?

A—No. But permanent removal (epilation) can be accomplished by electrolysis in the hands of a competent person, preferably a dermatologist.

Q—My son has neurofibromatosis, according to our doctor. Is this the same as Von Recklinghausen's disease? Is there a cure?

He has tumors all over his body, especially along the collarbone and neck. Can these turn to cancer?

A—Neurofibromatosis is a benign disturbance. As you've already been told, there's no cure since no cure is needed. The tumors do not tend to become cancerous. If they are in an awkward place or cause pain, they should be removed surgically. No risk is involved.

Q—Is it advisable to have reconstructive surgery after radical removal of the breast for cancer?

A—I should oppose further surgery after a radical operation for breast cancer (mastectomy). It is much wiser to content one's self with the removal of the growth and satisfy one's vanity with an artificial substitute that can be made to order.

Q—I have two children, ages 2 and 1. Both suffer from recurrent chest colds. X-rays show evidences of pneumonia though neither child has much fever or any other symptoms I've been led to as-

sociate with pneumonia. Then, too, they both have loose bowels and the stools are usually shiny and foul smelling. They've both been taking antibiotics almost constantly but nothing seems to help. Is there anything else that can be done?

A—What you seem to be describing is the disturbance called cystic fibrosis. In this disease of increasing importance in modern pediatrics, the primary disturbance is related to digestive functions while the lung complications are secondary. At the National Institute of Health, in Bethesda, Md., intensive studies are being conducted. These point up the primary importance of diet. Details may be obtained from the National Cystic Fibrosis Research Foundation of 1616 Walnut St., Philadelphia 3, Pa.
